OVERVIEW

MCA student at CUSAT with a strong foundation in software development. Passionate about learning, teamwork, and building efficient solutions using Java, Python, C, and web technologies.

EDUCATION

- MCA, Cochin University of Science and Technology (2024–2026) CGPA: 9.17
- BCA, CIMAGE Professional College Patna (2019–2022) CGPA: 9.49
- 12th, Holy Mission School Patna (2019) Percentage: 72%
- 10th, DAV Public School Patna (2017) CGPA: 9.4

PROJECTS

Food Waste Donation Website

- Built a web platform using PHP, HTML, CSS, JavaScript, and MySQL to connect food donors with the needy.
- Implemented food listing, user authentication, and donation tracking features.
- Aimed to reduce food wastage and promote social responsibility through technology.

AutoInbox – AI Powered Email Assistant

- Developed an AI-powered email assistant using FastAPI, LangChain, and OpenAI/Groq LLMs.
- Added Gmail OAuth2 login, automated classification, and intelligent reply generation.
- Enhanced context awareness with RAG and CrewAI for smart email handling.

EXTRACURRICULAR ACTIVITIES

- Actively participate in team-based projects, group discussions, and coding challenges.
- Enjoy collaborating with peers to solve complex problems and develop innovative solutions.

SKILLS

- **Programming:** Java (Core), Python, C
- **Web:** HTML, CSS, JavaScript (Basic), PHP, MySQL
- **Soft Skills:** Teamwork, Problem-Solving, Quick Learner
- **Profiles:** 400+ DSA problems on [GeeksforGeeks](#), [LeetCode](#)

CERTIFICATIONS & TRAINING

- IBM SkillsBuild (Jul–Aug 2025): *Agentic AI – From Learner to Builder* in collaboration with CSRBOX
- IIT Bombay Spoken Tutorial – HTML, C Language
